UK CAA Approved Courses

## COURSE PROSPECTUS

# APPROACH CONTROL SURVEILLANCE RATING (APS / SRA)

### Course Summary

This course enables on successful completion, the award of the Approach Control Surveillance (APS) rating with SRA endorsement. The APS course provides comprehensive theoretical and practical training in complex approach surveillance techniques including:

- Vectoring
- Speed control
- Sequencing
- Providing Flight Information Service (FIS)
- Arrival and departure planning
- Overflights
- Coordination
- Abnormal and Emergency (ABES) / Degraded Situations
- Surveillance Radar Approaches
- Surveillance degradation

The practical exercises cover a wide range of traffic types through exercises of increasing complexity and density.

### Entry Criteria

- Successful completion of UK Basic Training Course
- A valid European Class 3 medical (recommended)
- A good command of oral and written English, assessed towards ICAO proficiency level 4 during the course
